Subject: M6H1-Harvey Response--Updated maps and new county/parishes
Date: Saturday, September 2, 2017 5:15:34 PM

John, Melody has worked with the response folks and Steve Mason out at FEMA to identify the disconnect between the map she was making for me and the maps that the response folks have been sending. The response maps did not include the new designated county/parishes and the expectation is that by tomorrow they will be updated. By adding these additional counties/parishes, it adds two additional sites. Sheridan Disposal and Ruston.

I will confirm that these are indeed 'actuals' prior to updating any information.
